2. ACCEPTANCE OF PURCHASE ORDER. The Purchase Order, to which these Standard Terms and Conditions are attached, becomes a binding contract on the terms set forth herein when it is accepted by Vendor either by signing the Purchase Order or by part performance of the contract. No condition stated by Vendor in accepting or acknowledging this Purchase Order shall be binding upon Contractor if it is in conflict with, is inconsistent with, or is in addition to the Terms and Conditions contained herein unless expressly accepted in writing by Contractor.

3. APPLICABLE LAW. This Purchase Order shall be governed by and construed in accordance with the laws of the State of Florida.

4. COMPLIANCE WITH LAWS. Vendor shall comply with all applicable federal, state, and local laws, rules, regulations and orders. Vendor agrees to indemnify and hold Contractor harmless against any loss or liability due to Vendor's violation or non-compliance with such regulations.

5. SUBCONTRACT. Vendor shall not subcontract the complete or any substantial portion of the contract without the prior written consent of Contractor. This shall not apply to standard commercial items or raw materials.

6. WARRANTY. Vendor represents and warrants (1) that all goods delivered pursuant hereto will be new, unless otherwise specified, and free

from defects in material and workmanship; (2) that all goods will conform to applicable specifications, drawings, and standards of quality and performance, and that all items will be free from defects in design suitable for their intended purpose; and (3) that all services performed pursuant hereto will be performed in accordance with the specifications and instructions of Contractor, provided nevertheless that Vendor shall retain discretion and control with respect to the manner and means of performing such services and shall at all times remain an independent contractor. All the representations and warranties of Vendor together with its service warranties and guarantees, if any, shall survive any delivery, inspection, acceptance or payment by Contractor.

7. INDEMNITY. Vendor agrees to indemnify and hold Contractor harmless from all claims, liability loss, damage, and expense including special, consequential and incidental damages incurred or sustained by Contractor by reason of any breach of any warranty with respect to the goods or services which are purchased in accordance with this Purchase Order.

8. WORK ON CONTRACTOR'S OR CONTRACTOR'S CUSTOMER'S PREMISES. If this order requires Vendor to perform work on Contractor's or Contractor's customer's premises, Vendor shall take all necessary precautions to prevent any injury to persons or damage to property during the progress of such work. Except to the extent that any injury to persons or damage to property is due solely and directly to Contractor's or its customer's fault or negligence, Vendor agrees to indemnify Contractor and its customer against all loss or liability resulting from any act or omission of Vendor, its employees, agents, or subcontractors.

9. TAXES. The price of the supplies/services procured hereunder includes all applicable federal, state, and local taxes and duties unless otherwise stated in the Purchase Order.

12. INSPECTION AND TEST. All goods supplied and services performed pursuant to this Purchase Order shall be subject to inspection and test by Contractor and its agents. At all reasonable times, including the period of manufacture, Contractor and its customers may inspect and/or test the items to be furnished hereunder at the places where the work is being performed, including those of the Vendor's suppliers, and Seller shall provide, without additional charge, reasonable facilities and assistance for safe and convenient inspection and test. All such inspections and tests shall be conducted in such a manner as not to unduly delay the work. No inspection, test, delay, or failure to inspect or test, or delay or failure to discover any defect or other non-compliance, shall relieve Vendor of any of its obligations under this order or impair any rights or remedies of Contractor or its customer(s). Contractor may inspect 100% or a sample of all items or any lot of items at Contractor's option, and Contractor shall have the right to reject all or any portion of the items or lot of items if any such inspection reveals them to be, in Contractor's sole opinion, defective or nonconforming. Seller shall provide and maintain a test and inspection system acceptable to the Contractor and its customers, if required. The Seller is responsible for performing or having performed all inspections and tests necessary to substantiate that the supplies or services furnished under this order conform to order requirements, including any applicable technical requirements for specified manufacturers' parts. Records of all inspection work by Seller shall be kept complete and available to Contractor and its customers during the performance hereof and for four (4) years after final payment by Contractor or for such longer period as may be specified elsewhere herein. As used herein, the Contractor's customers shall include the Government, if the

items are intended for Government use in which event Seller shall also comply with the requirements of Part 46 of the Federal Acquisition Regulation ("FAR"), unless otherwise directed by Contractor. If a defect exists and if Vendor is unable or refuses to replace the goods or render the service again promptly, Contractor may replace such goods or obtain such services and charge Vendor, or deduct from amounts owed by Contractor to Vendor, the costs, expenses and losses including incidental and consequential damages incurred which are in excess of Vendor's price for such goods or services. After notification to Vendor that goods are defective, all risk of loss with respect to such goods shall be that of Vendor and Vendor shall pay all packing and shipping charges in connection with defective goods returned by Contractor. Contractor's approval of a design furnished by Vendor shall not relieve Vendor of its obligations herein. All rights and remedies of the Contractor herein shall be in addition to any other remedies provided by law.

It is Vendor's responsibility to furnish the quantity of supplies/services called for in this Purchase Order. No variation in the quantity specified herein will be accepted as compliance with this order. Contractor reserves the right to return excess shipments at Vendor's expense. Vendor agrees to advise Contractor, as soon as possible, of any delays in meeting the order delivery schedule and the reasons therefore. If a delay is due to causes beyond Vendor's and, when applicable, its subcontractor's control, and without fault or negligence of either of them, Contractor may, at its sole discretion, either adjust the delivery schedule or terminate the order for convenience. If the delay is due to Vendor's, or its subcontractor's failure and the failure is not cured within ten (10) days after Vendor's receipt of Contractor's notice thereof, Contractor may, at its sole discretion, either accept a revised delivery schedule and an

equitable reduction in the order price or terminate the order for default. Acceptance of late deliveries shall not constitute a waiver thereof by Contractor

15. PATENTS, COPYRIGHT, AND TRADEMARK INDEMNITY. Vendor shall at its expense indemnify and defend Contractor and Contractor's successor in interest to the goods (collectively called "Contractor") against any claim, suit or proceeding (collectively called "suit") brought against Contractor which is based upon a claim, whether rightful or otherwise, that the goods or services, or any part thereof, furnished under this order, or Contractor's use (including resale) thereof, constitutes an infringement of any patent, trademark, or copyright in the United States, if Vendor is given reasonable notice of such suit; and Vendor shall pay all damages and costs awarded against and reasonable expenses incurred by Contractor in connection with such suit. In case the goods or services or use thereof is in such suit held to constitute infringement and the use thereof is enjoined, Vendor shall at its expense and at its option either procure for Contractor the right to continue the use of such goods or services; or in a manner acceptable to Contractor make replacement or modification to avoid infringement. The foregoing indemnity shall not apply, and Contractor shall indemnify and defend Vendor if given notice and in the same manner and extent as provided above where such goods or services are allegedly infringing as a result of Vendor's compliance with specified written instructions by Contractor directing use by Vendor of a feature not customarily used by Vendor.

Contractor's right to terminate for default may be exercised if Vendor does not cure the failure within ten (10) days after receiving Contractor's notice of such failure. If Contractor terminates this order in whole or in part, Contractor may purchase similar supplies or services from others and Vendor shall be liable for any additional costs above the original price for the terminated supplies/services. In the event of a partial termination, Vendor shall continue the work not terminated. Vendor shall not be liable for any additional costs if failure to perform arises from causes beyond Vendor's or Vendor's subcontractor's control and without fault of negligence of either of them; provided, however, that the supplies/services to be furnished by Vendor's subcontractor (at any tier) were not obtainable from others in time for the Vendor to meet the order delivery requirements. Contractor shall pay Vendor the order price for any completed supplies/services delivered and accepted.

Any approvals by Contractor shall not relieve Vendor of responsibility for any errors or deficiencies that may exist, or for performing the work and furnishing the supplies/services in strict accordance with the Purchase Order requirements.

22. USE OF DATA. Vendor shall not deliver or furnish any data, designs, plans or information furnished by Contractor or obtained through performance of this agreement, subject to limited use of reproduction unless and until an agreement to hold in confidence or restrict distribution is accepted in writing by an authorized representative of Contractor.
